Funding Resources

For decades, Halff has helped public agencies obtain funding assistance for their projects in the form of grants and low-interest loans. We identify local, state and federal grant and loan funding sources and develop competitive applications to fund your critical infrastructure projects. Our services include short- and long-term funding strategies for your projects, pre-positioning infrastructure projects for success with funding agencies, turn-key application development and post-award compliance. Funding Resources services fit seamlessly into Halff's comprehensive toolbox of infrastructure solutions that include planning, design, environmental, benefit cost analyses and more.

The Halff Advantage

- Collectively more than 100 years of grant experience and more than $1 billion in grant award wins
- Grant administration experience across state and federal agencies and $780 million in funds
- Includes highly credentialed and Grant Professional Certified (GPC) staff
- Comprehensive funding, design and implementation professionals to deliver exceptional value through integrated services
