COFFEE CANISTER

Time adjustment dial :

A time compass on the lid can be rotated to mark the date when the food was stored. Know the freshness of your beans so that you can avoid drinking deteriorated coffee. (First adjust the date wheel and then rotate the month wheel).

How the Breather Valve Works :

The breather valve operates based on air pressure differentials. When the internal and external pressures are balanced, the valve remains closed, keeping the canister completely airtight.
Freshly roasted coffee beans release a significant amount of carbon dioxide (CO_2) during the first 1 to 2 weeks. If trapped, this CO_2 can negatively alter the coffee's flavor profile and cause pressure to build up inside the canister. To equalize the pressure, the built-up gas gently pushes the valve open from the inside, venting the excess CO_2 and preserving the optimal freshness of your beans.

Please Note: You may occasionally notice a faint coffee aroma escaping during this process. This is perfectly normal and occurs because trace amounts of aromatic oils are carried out alongside the CO_2. This will naturally stop once the beans have finished degassing.
Because the valve is strictly one-way—opening only from the inside out—you never have to worry about outside air or oxygen entering the canister and compromising your coffee.

Usage tips:

1.Please remove the protective film on the window before use.
2.Clean and dry your canister inside thoroughly before use.
3.Avoid getting any moisture into the breather valve. (This product is equipped with a high-quality breather valve that is designed for long-term use under normal conditions.)
4.Store the canister in a cool, dry place. (For best flavor, please enjoy this coffee within 4 to 5 weeks of roasting.)
5.DO NOT store in refrigerator or freezer.

Cleaning tips :

1. Please wash with a bottle brush or sponge when cleaning.
2. Do not scrub with sharp objects to avoid scratching the body.
3. Clean with a natural detergent.
4. Dry the coffee canister before sealing.

Capacity :

Large	39 oz	Approx. 2.2 lbs
Medium	22 oz	Approx. 1.3 lbs
Small	16 oz	Approx. 1.0 lb

WARRANTY INFORMATION

TWO YEAR NON-TRANSFERRABLE LIMITED WARRANTY

To provide customers with quality shopping and user experience, we guarantee to replace or issue a refund or provide acceptable solutions to any defective products (as customers prefer) from the date of purchase to 2 years.

Proof of purchase must be provided (Amazon order number or receipt) when making a claim to our customer support center.

Warranty registration may be requested within a month since the date of purchase, by sending your Amazon order number to the mailbox: support@aborderproducts.com

The warranty is not transferrable. We only provide warranty services to buyers who purchased from our Amazon store and possess the purchase proof, and not to any other purchaser or subsequent owner.

Price matching policy is not applicable. No price difference refund.

Sellers are the responsible party. Amazon allows different sellers to sell the same product, so please confirm the seller by checking the order details before contacting us.

WHAT IS COVERED

1. Received defective or used (proof needed) products.
2. Received with missing parts.
3. Defective item under proper use.

WHAT IS NOT COVERED

1. Purchased from non-Amazon channel or other physical stores.
2. Gift without proof of purchase.
3. Tampering/abnormal use/ accidental damage.
4. Replacements and parts.
5. Installation fee/ labor fee.

MAKING A CLAIM

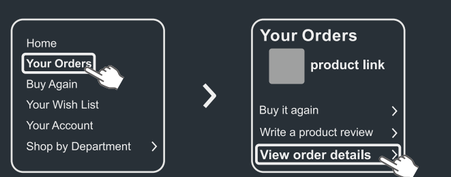

If you have any problems when using our products, you can choose any of the methods to reach out to us.
