COMPANY PROFILE

Hascevher started its operations in Kahramanmaraş in 1993 with 100% domestic capital. As of today, we are the largest stainless steel cookware manufacturer in Turkey. With exports to 113 countries across 5 continents, Hascevher holds a significant position in this field. We are also present in all 81 provinces of Turkey and in major chain stores.

With our automation systems, we have a daily production capacity of 50,000 stainless steel pots, and 50,000 ceramic and granite pots. Our product range includes over 5000 items such as stainless steel, ceramic, granite, and roller pots, pans, teapots, coffee pots, pasta pots, and special HORECA series for hotels, restaurants, and cafes.

Following the latest technology trends, we have increased our efforts in recent years. In 2019, we established our design center approved by the Ministry of Science, Industry and Technology. By increasing the variety of our design-focused innovative products and producing high value-added, user-oriented items, we will continue to be indispensable in kitchens in the new year.

DESIGN CENTER

Mission

The mission of Hasceveher Design Center is to cooperate with universities and other institutions and organizations, We design original products and use existing products by accessing all data fields needed for design. They are people who can develop their own region and country, conduct research by producing their own resources, and develop industrial and technological resources. By contributing to the development of its structure, it has achieved global competitiveness and national competitiveness in every field related to design. is to be the decisive center in strategies.

Opinion

The vision of Hasceveher Design Center is to constantly update its infrastructure in design research and guidance. To be a pioneer, exemplary and respected design center that plays an active role in design services.

DESIGN PROSESS

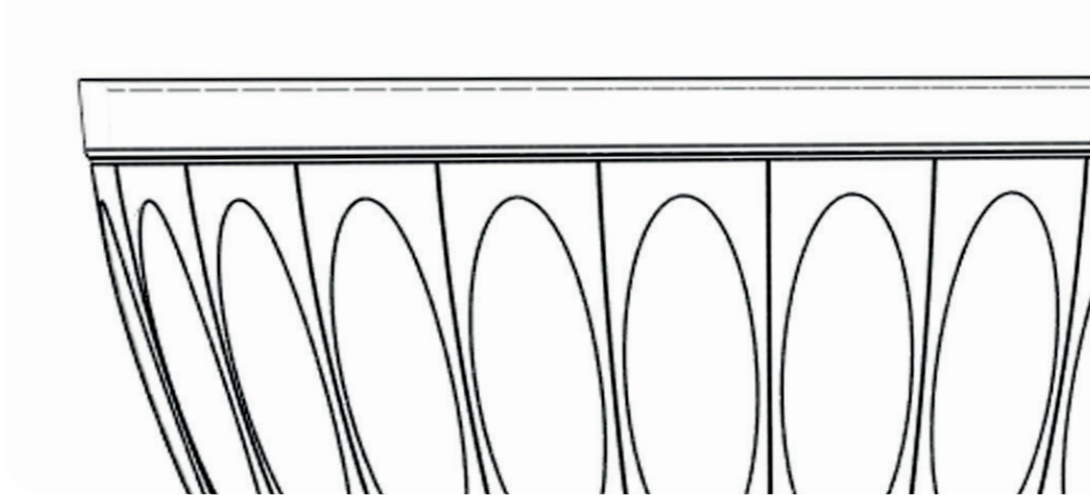

Market Research

Before any product develipment, we will do a large of rigorousand careful market research in advance, from the perspectiveofthe user experience to improve the detailes of each kitchen utensils and appliances, according to the feedback of continuous optimization, to design the most suitable for your life that occupy the home kitchen utensils and appliances.

Concept Sketches

Idea of the design effect is combined with the product process of heavy and complicated, it is the core of the product design. And concept sketches can help our tentative reach the out- line of a product prototype, sketch rendering details so that we further in-depth research and development.

Design Concept

After collecting the resu lts of the market re- search, a optimization design concept which is suitable for your life is been formed initially.

3D Modeling

3D mideling can let our designer design sketches of rapid molding in the computer, in real life scenario, can simulate the perfect ex- perience in real kitchen after birth.

3D Printing

3D printing technology to help us quickly get designed products, CNC forming technology is let our further de- tails of the process to get perfect embodoment. To make our products eventually the model with worth a loo.

Final Confirmation

At the completion of the detection of a large number of heavy and complicated work, design work, after work, all datas, unified assessment, for the product appearance and performance are consistent affirmation, new attractive prod- ucts will be officially released on the market.

OUR HISTORY

1993

Hascevher Company was established in Kahramanmaras.

1996

The first company producing pressure cookers in Kahramanmaras.

Tredemark mark of Hascevher is officialy registered in Turkey.

1998

The first company having TSE certificate on it's sector in Kahramanmaras.

1999

The first company attending in an international fair in Kahramanmaras.

The first exporter firm in its sector in Kahramanmaras.

2001

Reacing 10.000 pots production capacity per a day.

2003

The first firm in Kahramanmaras Industrial Area.

2004

Had CE certificate by TUV pressure cookers.

Reached a capacity of 24.000 pots per a day.

Take LAREX Certifiace for pots Romania.

Hascevher registered its tredemark in 27 countries according to Madrid Prodocol.

2005

Had CE certificate from Istittuo Giardano in İtaly for pressure cookers.

Starting integrating quality management and information systems into the workflow or our erterprise.

Management and Information Systems began work in 2005.

2007

Hascevher®

Corporate Identity & Image facilities started.

2008

Innovation and R&D facilities started.

2009

Hascevher registered its trademark in 34 counturies, according to Madrid Protool.

2010

The new investmenst in autamation began.

2011

30.000 pcs stainless steel cookware production per a day.

2012

Have started to work for the ISO 9001 quality certificate.

2013

We export to 60 conturies in 4 continents reached.

2014

Began production of Non-Stick.

2015

Reaching 10.000 Non-Stick produtcion capacity per a day.

2016

Reaching 30.000 Non-Stick production capacity per a day.

2017

We export to 90 countries in 5 continents reached.

2019

Hascevher Design Center was established.

2021

Roller coating line was established.

2024

Hascevher Holding was established.

LABORATORY

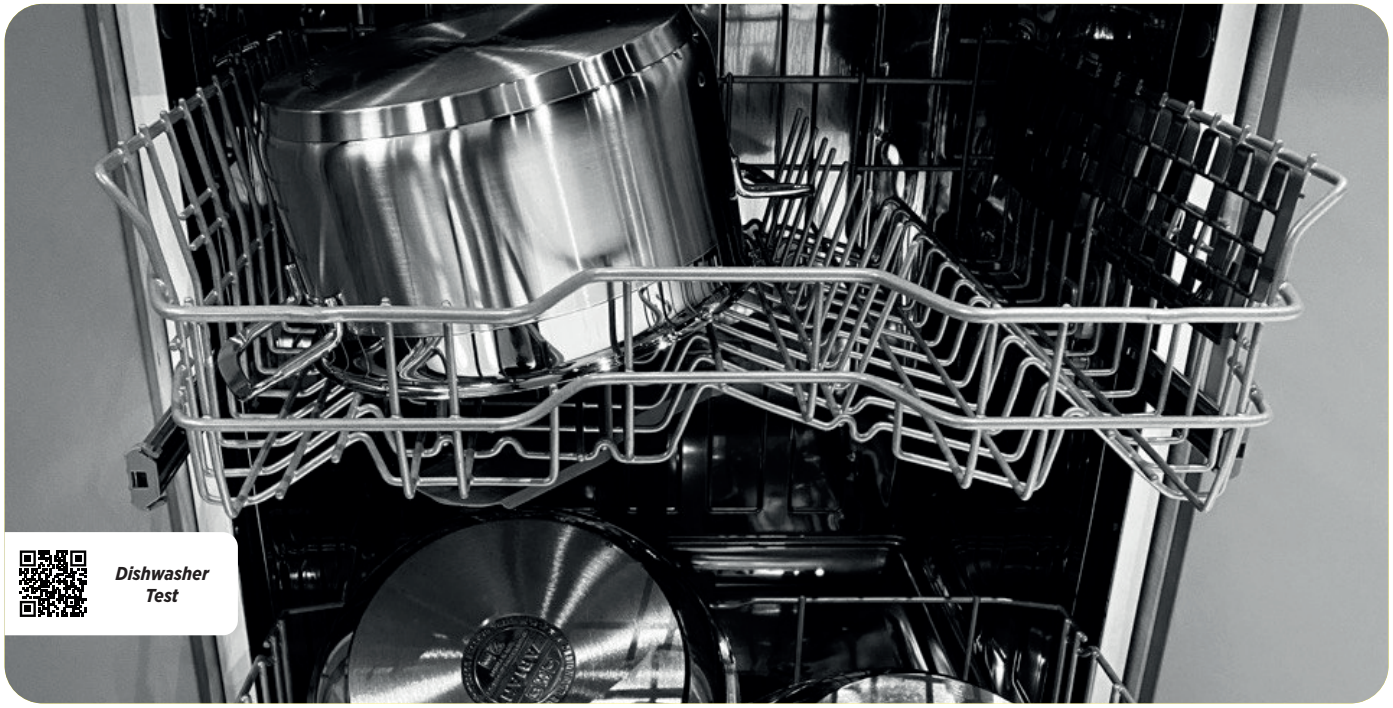

As Hascevher Metal, we aim to bring the quality of every product we produce to the highest standards. For this reason, our products are rigorously tested by our expert team in a state-of-the-art laboratory environment.

Each product is subjected to a series of detailed tests for durability, safety and performance. Critical properties such as strength, temperature and pressure resistance, corrosion resistance of materials are carefully analyzed and approved in our laboratories. With these tests, we guarantee that our products comply with international quality standards and offer reliable and long-lasting solutions to our customers.

Thanks to this priority we give to quality, Hascevher Metal products are always reliable and high performance. We stand behind the assurance we offer you with our laboratory tests.
