ABOUT THE INTERNATIONAL MEDICAL UNIVERSITY

In 1992, Malaysia was facing a serious shortage of doctors. Dr Kamal Salih, a visionary, and Dr Mei Ling Young, a social scientist with a strong interest in development, hit on a brilliant, simple idea – if young Malaysian students could not go out into the world to get the medical education they wanted and deserved, they would bring it to them. And so the idea for the International Medical College (IMC) was born. The college was officially launched on 13 April 1992 by the then Education Minister, YB Datuk Amar Dr Sulaiman Haji Daud, demonstrating the full support of the Malaysian Ministry of Education and Ministry of Health.

Changing the landscape of medical education, IMC introduced the world's first unique curriculum model that allow medical students to spend the first five semesters at the IMC in Kuala Lumpur, before moving to initially one of the five leading Partner Medical Schools (PMS) around the world.

Gaining University Status

On 4 February 1999, IMC was granted university status and became the International Medical University (IMU), thus providing students the additional option of reading the whole medical degree in Malaysia, graduating with the IMU MBBS. With this, IMC also became the country's first private medical college to be upgraded to a university. Since then, IMU has grown from a medical college with five PMS offering one programme, to an internationally recognised higher education institution offering 29 programmes with over 30 world class partner universities in Australia, New Zealand, Canada, Ireland, the United Kingdom and China. It is also the first university in Malaysia that offers conventional and complementary medicine, together, with the philosophy that health is holistic.

Healthcare and Research

In January 2010, IMU took a bold step in its plan to be a holistic healthcare provider. IMU opened its first Oral Health Centre which was quickly followed by the Chiropractic Centre in May 2010, Medical Clinic in July 2010 and the Chinese Medicine Centre in November 2010. These clinics formed the IMU Healthcare Centre which serves as a teaching site for IMU students and plays an important role in educating future healthcare professionals who understand the importance and benefits of offering holistic healthcare services. It also extends the learning experience beyond the partnerships already offered by the Ministry of Health hospitals and clinics.

While medical and healthcare-related research continues to be an area of focus, the University also places emphasis on medical education research. To support research, the University established the Institute of Research, Development and Innovation (IRDI) in 2012.

Poised to be a significant player in biomedical and clinical research, IRDI's five thrust areas are in environmental and population health, bioactive molecules and drug discovery, cancer and stem cell research, health professions education, as well as translational research.

This is also part of the IMU's vision to be a leading private Asian health educator that creates value through integrating education, research and healthcare. The current development of the IMU Hospital and a planned network of clinics is an important part of this vision and set to be completed by 2022.

Serving the Community

One of IMU's core values is that to be good healthcare professionals, students must be moulded to be good human beings. And this includes being aware of, and sensitive to the needs of the communities in which they live and work, hence IMU's tradition of active community engagement.

Since its launch in 2002, IMU Cares programme has played an important part of University life, providing means for students and staff to engage with the community beyond the University. From a small-scale fund-raising activity in 2002, IMU Cares has expanded to provide more than just financial assistance to the less privileged. The Programme now strives to deliver healthcare, to promote health and wellness, and to prevent disease.

In addition, IMU Cares has begun providing more holistic care, including medication counselling and nutritional assessment. Cases requiring further treatment are referred to the IMU Healthcare clinics, and the IMU Cares Humanitarian Aid Fund underwrites treatment costs.

IMU Cares has also looked into the education and training of caregivers, to enable and empower them to provide better care. From integration and application of knowledge and skills to interprofessional learning and collaborative practice, the programme has become a platform for experiential learning. It enables students to learn leader- ship, inter-professional teamwork, and to practise the values of professionalism and ethics while making a difference to communities. One of IMU's commendable efforts was seen through its long-running Village Partnership programme which won first place; out of 63 international universities in the prestigious MacJannet Prize for Global Citizenship Award 2013. In 2013, the University also won the Association for Medical Education in Europe (AMEE) ASPIRE for Excellence Award in the area of "Student Engagement" at the AMEE conference in Prague, Czech Republic.

IMU Cares continues to win accolades and awards for its unique programmes that continues to serve the community including the Bronze Award for the CSR Leadership Award at the 10th Annual Global CSR Summit & Awards 2018.

Moving Forward

Committed in its relenting quest for quality, the University was awarded the self-accreditation status – by the Malaysian Qualifications Agency (MQA). This status of autonomy entitles a higher education provider to accredit its programmes except for programmes that require accreditation and recognition of the relevant professional body. The award also demonstrates the fact that IMU consistently maintains high standards of quality and integrity in all its programmes.

The University also gained a six-star rating under SETARA 2017 and SETARA 2019 for two consecutive years for the Mature University Category. This is the highest ranking awarded by the Ministry of Higher Education (MOHE) which measures the performance of three core functions namely teaching, research and services. We were also rated a 5-star university by Quacquarelli Symonds (QS) World University Rankings in 2020.

As the University progresses into a rapidly changing world, where knowledge and technology is moving at an unimaginable pace, the IMU retains its vision of becoming an innovative global centre of excellence in learning and research, supporting a community of scholars and professionals committed to serving society, promoting the development of students to reach their true potential in becoming competent, ethical, caring and inquiring citizens and visionary leaders.

THE UNIVERSITY MACE

The mace is the symbol of authority of the International Medical University (IMU).

The globe at the top symbolises the international nature of the University. Gold denotes the quality of education provided by the IMU.

The seven krises (traditional Malay weapon) represent the nations participating in the international medical consortium.

The songket motif symbolises the country's cultural tradition.

The bunga raya (hibiscus) is Malaysia's national flower.

The five facets of the mace stand for the five continents of the world.

The second ring consists of the logo of the IMU to signify its new charter as a University. Below the second ring of the mace are the logos of the original five Partner Medical Schools which helped start this innovative medical programme.

The original International Medical College emblems are etched on each side of the brace in the third ring of the mace. Below the third ring are the logos of the international Partner Universities involved through their medical schools in the international medical consortium.

The bottom part of the mace is carved in the shape of the Kelantanese gasing (spinning top), another symbol of Malaysian culture.

THE LOGO

INTERNATIONAL MEDICAL UNIVERSITY
MALAYSIA

The initials IMU represent the name of the University. The strips on the "**I**" represent the three pillars of Innovation, Imagination and Insight. The snake and staff are the traditional symbols for medicine, which is the educational focus of the University. The colour white represents integrity.

The globe stands for international connections: the IMU as a member of the International Medical Consortium, both in terms of partnerships with many well-known foreign universities, as well as its international faculty and student body.

The tilted square represents the mortar board, which is the symbol of academia in relation to the community. The colour blue, in its two shades, stands for peace and harmony.

VISION, EDUCATIONAL MISSION, QUALITY POLICY

Vision

IMU shall be an innovative global centre of excellence in learning and research, supporting a community of scholars and professionals committed to serving society, promoting the development of students to reach their true potential in becoming competent, ethical, caring and inquiring citizens; and visionary leaders.

IMU is committed to academic freedom and the principles of equal opportunity in the pursuit and application of knowledge, the highest standards of intellectual, educational and research productivity; and the establishment of a learning organisation that respects the individual.

Educational Mission

As an educational institution, our mission is:

- To further strengthen the IMU as centre of excellence for the undergraduate programmes in medicine, dental, pharmacy, health sciences and complementary and alternative medicine programmes
- To establish the IMU as a centre for higher education providing training through multidisciplinary programmes
- To establish the IMU as a centre for postgraduate training and Continuing Professional Education
- To train knowledgeable and skillful professionals with high ethical standards who will be dedicated to serve and improve the quality of life of the community
- To train competent professionals with the use of innovative technologies of knowledge especially ICT in the teaching-learning process

Quality Policy

IMU aims to be an innovative centre of excellence in learning and research, producing competent, caring and ethical professionals who are lifelong learners. It is committed to achieving the highest standards of intellectual, educational and research productivity.

CHANCELLOR

YBhg Tan Sri Dato' Dr Yahya bin Awang

MBBS (Monash), FRCS (Glasgow), SMJ, KMN, DPMJ, DMPN, DSAP, PSM, Hon Doct (UKM)

Tan Sri Dato' Dr Yahya bin Awang is IMU's seventh Chancellor. Dr Yahya, an eminent cardiothoracic surgeon, graduated from Monash University, Melbourne in 1974. In 1980, he obtained his Fellowship of the Royal College of Surgeons and Physicians of Glasgow (FRCS) Scotland, United Kingdom. He trained as a Cardiac Surgeon from 1980-83 at the Department of Cardiothoracic Surgery in Brompton Hospital, London.

Dr Yahya returned to Malaysia in 1983, he served as a medical officer in Hospital Johor Bahru and Kota Tinggi. It was a time when cardiac surgery was in its infancy and there were inadequate facilities and medical personnel to cope with the number of patients requiring open-heart surgery. It was at this time that he played a significant and pioneering role in the development of cardiac surgery in the country. He was instrumental in training cardiac surgeons and cardiac paramedics to meet the needs of the nation. He served at the General Hospital Kuala Lumpur from 1983-85 and was later promoted to the position of Head and Senior Consultant where he served from 1985-92. In July 1992, Dr Yahya, together with his colleagues, pioneered the establishment of the National Heart Institute (IJN). During his tenure at IJN, he established the Clinical

Research Unit, which enabled the Institute to undertake clinical research and collection of relevant clinical data in cardiac surgery. He has published 23 scientific papers in local and international scientific journals and has made 15 presentations at various conferences. Dr Yahya was a Co-Editor for the IJN Proceedings from 2000-03. With his appointment as the President of the Asian Cardiac Surgical Society (1992-94), he led and represented Malaysia in numerous international conferences on cardiac surgery. This has put Malaysia on the regional map as an excellent training centre for cardiac surgery and has attracted trainees from Indonesia, Japan, Yemen, Myanmar and Bangladesh. In addition, he established the IJN Foundation, an organisation that provides financially disadvantaged patients with assistance in cardiac surgery, scholarships for cardiac trainees and research on heart diseases.

Over a span of 30 years as a cardiac surgeon, Dr Yahya has performed no less than 5,000 open-heart surgeries and trained more than 50 cardiac surgeons. With a dedicated and trained team, he successfully performed the first heart transplant in Malaysia on 18 December 1997. The success of this operation and other cardiac surgeries performed, enhanced the confidence of the Malaysian public to have cardiac surgical procedures done locally. Dr Yahya is known for his role in successfully leading the coronary artery bypass surgery on Tun Dr Mahathir bin Mohamad, Malaysia's Prime Minister, in 1989.

For his service and contribution to the nation's medical industry, he received several awards and accolades. He was bestowed the titles Setia Mahkota Johor (SMJ) in 1989, Kesatria Mangku Negara (KMN) in 1990, Darjah Paduka Mahkota Johor (DPMJ) (Dato') in 1990, Darjah Yang Mulia Pangkuan Negeri (DMPN) (Pahang) (Dato') in 1994, Darjah Sultan Ahmad Shah Pahang (DSAP) (Dato') in 2000 and Panglima Setia Mahkota (PSM) (Tan Sri) in 2003. He was also awarded the 2013 Merdeka Award for the Health, Science & Technology Category.

Dr Yahya held the position of President of the Association of Thoracic and Cardiovascular Surgeons of Asia from 1993 -95 and was the Founding President for the Malaysian Association of Thoracic and Cardiovascular Surgeons from 1993-98. He is also member and fellow of several associations and committees including the Academy of Science Malaysia, Malaysian Medical Association, International Society of Cardiothoracic Surgeons, the Malaysian Society of Transplantation, and Honorary Member of the Special Committee for Development of National Transplant Policy.

In 2012, Dr Yahya was awarded the Honorary Doctor of Medicine from the International Medical University (IMU) in recognition of his contributions to the healthcare arena. He has served as the Pro-Chancellor of IMU from 2018-20 and has been serving as a member of the IMU Board of Governors since 1996. Today, he continues to serve as an Honorary Consultant for Hospital Universiti Sains Malaysia, Visiting Consultant Surgeon for the Division of Cardiothoracic Surgery in Universiti Kebangsaan Malaysia, Adjunct Professor of the Medical Faculty of Universiti Teknologi MARA, and Chairman of the Expert Panel of Heart and Lung Transplant of the National Transplant Registry. Dr Yahya is also currently the founder and Consultant Cardiothoracic Surgeon at the Cardiac Vascular Sentral Kuala Lumpur.

PRO-CHANCELLOR

YBhg Datin Paduka Setia
Dato' Dr Aini Ideris

DVM (UPM), MVSc (Liverpool), PhD (UPM), FASc,
FIAS, FMCVS, FMSA, SSIS, DPMK, DSIS, PSK, KMN

Datin Paduka Setia Dato' Dr Aini Ideris is IMU's sixth Pro-Chancellor. Dr Aini is a renowned scientist in Avian Medicine who graduated from the Universiti Pertanian Malaysia (UPM) with a Doctor of Veterinary Medicine degree in 1979, Master of Veterinary Science from the University of Liverpool, United Kingdom (1981) and Doctor of Philosophy in Avian Medicine (1989) from UPM.

Dr Aini spent her sabbatical leave for Postdoctoral Training in the United States of America (USA) at the University of California Davis (1990-91) and further Postdoctoral Training at the University of Cornell, USA (1993), under the Asian Development Bank Fellowship.

Her main research area is in the control of avian respiratory and immunosuppressive diseases, and development of poultry vaccines, which has led to the commercialisation of Newcastle disease and tissue culture adapted fowl pox vaccines, in 1995 and 1996 respectively, one of the first example of technology transfer from the University to the industry. These two vaccines have been

registered and sold in nearly 20 countries. In 2005 and 2015, her team commercialised two other important poultry vaccines, where she was the co-researcher.

Dr Aini has won various awards nationally and internationally. Among them are, the prestigious National Academia Award 2010 (AAN), under the category of Innovation and Commercialisation of Products, for her successful innovation and commercialisation of the Newcastle disease vaccine (NDV4-UPM), Top 10 researchers for National Innovation Award 2012, one of the Top Research Scientists for Malaysia (TRSM) in 2013, Tokoh Pekerja Wanita, CUEPACs (2019), and Best CEO in Public Sector (2019) at the National Award on Occupational Safety and Health.

Internationally, she was bestowed the MATSUDA Award by the International Society for Southeast Asian Agricultural Sciences (2018), CHT Pursuit of Excellence Award (2020), and Millennium Academic Achievement Award (2020). The pinnacle of her success was in 2013, when she was inducted as one of the Inaugural Members of the Hall of Honour, by the World Veterinary Poultry Association (WVPA) for her contributions to scientific research, poultry education and training, poultry health systems and for her outstanding leadership qualities. This is the most prestigious recognition accorded by the Avian Veterinary Fraternity worldwide to outstanding recipients.

In 2015, she was elected as the Vice President of WVPA, the first Asian to be appointed to the position. As a distinguished scientist, Dr Aini was elected as a Fellow of Academy of Sciences Malaysia (FASc) in 2008, Fellow of the Islamic World Academy of Sciences (FIAS) in 2011, and one of the Founding Fellows of the Malaysian College of Veterinary Specialists (FMCVS) in 2011.

Dr Aini has a wealth of experience in administration as well as an educator. She served as the eighth Vice-Chancellor of Universiti Putra Malaysia (2016-20), Deputy Vice Chancellor (Academic and International) (2008-13), Chairman of Malaysian Deputy Vice-Chancellor's Committee (Academic and International) (2012-13), Dean, School of Graduate Studies (2001-08), and Deputy Dean, Faculty of Veterinary Medicine UPM (1992-2001). Dr Aini is actively involved in many committees at the national and international levels, as Council member, Chairperson or Executive Committee member. She is also a member of the International Medical University's (IMU) Board of Governors since 2012.

MESSAGE FROM THE VICE-CHANCELLOR

Prof Abdul Aziz Baba

MBBS (Melb), MRCP (UK),
MRCP (Ireland), FRCP (Edin), AM

It's been an extremely challenging 21 months. To say the least, the COVID-19 pandemic has changed our lives in many ways. In the beginning, we've all had to adapt almost at lightning speed to unfamiliar ways of living our lives, figuring out how to work and study from home while spending days and nights in lockdown, reflecting on how we've taken for granted our freedom to move about whenever and wherever pre-pandemic.

Then there is our health. There's never been a more poignant time where the saying "health is wealth" rings true. You could have everything under the sun but without good health, all that can be taken away instantly by the virus. The obvious has always been there but it took a pandemic for us to realise the crucial need for empowerment of individual health, to educate society that prevention truly is better than cure, and maintaining a healthy lifestyle is the indispensable component when it comes to protecting yourself and your loved ones.

The pandemic has helped us arrive at many other conclusions. For one, it is the fact that we can be agile and adaptable even in times of

crisis. IMU students have had to pivot very rapidly to online learning, something that used to be a concept but now an everyday fact. It wasn't easy at first – there were a lot of learning and re-learning all in a hurry to figure out the best possible way to provide an optimal student learning experience, even when they are not physically present to do this. It felt almost impossible; healthcare is all about patient facing and that begins even at the student stage where the student would need to feel and learn by actually experiencing it for themselves. Would this even be possible when you're not physically there?

With the right support, we made it possible. And the key is active learning, the essential aspect of education that puts the students in the driver's seat of seeking and learning by being active participants in their own learning journey.

It is this interactive, engaging learning experience that also guides us in our role as a university. As an institution, we too have to be active participants in the delivery of education to our students. We too have to learn and re-skill ourselves as educators to know and understand the changes that are currently happening in healthcare, and then share this knowledge with our students, prepping them to be future-forward healthcare professionals equipped with both soft and hard skills necessary to be active contributors themselves in the industry.

COVID-19 has notably accentuated the importance of good, effective medical frontliners. As a medical university, IMU has a crucial role in ensuring that our future frontliners possess these same qualities to serve the needs of the country in providing quality healthcare to patients, health crisis or not. The training also needs to adopt technology as it has proven important for the future of healthcare, especially with data science and Artificial Intelligence, as evident during this pandemic that has accelerated the adoption of healthcare technologies. So necessarily, when we prepare our graduates, they need to be cognizant of this paradigm shift on how healthcare is delivered.

Let us not forget though while healthcare can be enhanced by technology, the essential human contact, the humanity in medicine profession remains sacrosanct. The trust between healthcare provider and patient is still key. As educators, we need to constantly remind our students that professionalism, compassion, empathy is the real "medicine".

We look forward to nurturing and shaping the next generation of healthcare professionals through the quality education we have in place here at IMU. IMU is Malaysia's first and most established private medical and health sciences university, and we will continue with our aim to bring quality and dedicated education to shape healthcare through innovation, imagination, insight. Most importantly, we will constantly evolve to develop and nurture healthcare professionals for the future.

PROF ABDUL AZIZ BABA
Vice-Chancellor

LIST OF IMU DISTINGUISHED FELLOWS, HONORARY DOCTOR OF MEDICINE, HONORARY DOCTOR OF SCIENCE, HONORARY DOCTOR OF MEDICAL EDUCATION AND PROFESSOR EMERITUS

1996
Prof Ronald M Harden
Distinguished Fellow

UNIVERSITY AWARDS & PRIZE WINNERS 2020

DR JOHN JOSEPH BOSCO MEMORIAL GOLD MEDAL

The Dr John Joseph Bosco Memorial Gold Medal is awarded to a graduating IMU MBBS student who has achieved the highest academic excellence throughout his/her degree. One medal may be awarded in each graduation cohort. This award is given in memory of the late Dr John Joseph Bosco who played an instrumental role in the development of the IMU Clinical Campus.

Mustafa Sharief Sayed Mohammed

Cohort: ME1/15

Mustafa Sharief Sayed Mohammed from Sudan graduated with a Bachelor of Medicine and Bachelor of Surgery (MBBS) degree in February 2020 with distinction in his final professional exam. He was also awarded the Prof Guan Chong Book Prize for the most outstanding student in Surgery.

During his stay in the IMU, Mustafa was involved in many extra-curricular activities. Some of the highlights of his achievements include being the football and futsal house captain. He also held the post of President of the IMU Surgical Society (2018/2019).

Mustafa is an exceptionally gifted student and has an affable and pleasing personality. His ever-smiling face and an easy approach drew countless admirers during his stay in the IMU.

Mark Kar Man

Cohort: ME2/15

Mark Kar Man has been awarded the Dr John Joseph Bosco Memorial Gold Medal in the graduating Class of November 2020 for the degree of Bachelor of Medicine and Bachelor of Surgery (MBBS). Kar Man has always been organised, consistent and diligent in her learning to meet the expectations of her lecturers. In her studies, she has constantly portrayed high intellectual capabilities and the ability to think critically. She is caring, attentive and sympathetic while managing patients.

To her peers, Kar Man is known to be a humble and helpful friend who willingly offers support to her fellow course mates. Throughout her studies in the IMU, she was also actively involved in various co-curricular activities.

DR SAIDI HASHIM MEMORIAL GOLD MEDAL

The Dr Saidi Hashim Memorial Gold Medal may be presented twice a year to the top student of the convocating class who will be continuing their studies either to the IMU Clinical Campus or a Partner School abroad. The gold medal award is given in honour of the late Dr Saidi Hashim Tahir, one of the founders of IMU.

Choi Xian Hung

Cohort: ME2/17

Choi Xian Hung enrolled in the IMU Medical Programme in August 2017 and is the top student in his cohort. Throughout the duration of his studies in the IMU, he had consistently portrayed high intellectual capabilities. He is hard working, diligent and conscientious in his work. He is a self-motivated learner who always strives hard in the pursuit of excellence.

His is well balanced in terms of academic merits and social involvements. He had also been involved in extra-curricular activities throughout his studies in the IMU. He won first place in the Inter-Medical School Clinical Anatomy Workshop held in October 2018. He has also participated in the Gadjah Mada- International Competition of Anatomy at Universitas Gadjah Mada, Yogyakarta in 2019.

Apart from that, he is also blessed with family and friends who have always supported his goals. He exhibits the qualities of a compassionate and caring doctor.

Johannes See Yi Xian

Cohort: ME1/18

Johannes has always strived for excellence in his academic field. He has constantly showed immense interest in learning and has been known as an engaging learner among his peers. He is also well-equipped with great communication skills as well as leadership skills.

Apart from academic excellence, Johannes was also actively involved in various extra-curricular activities. In 2019, Johannes was a treasurer with the TEDxIMU 2019 committee and the Taurus Sports House.

TAN SRI DATUK AMAR DR SULAIMAN DAUD MERIT AWARD

This award is presented to the top student of the dentistry convocating class. It is given in honour of the late Tan Sri Datuk Amar Dr Sulaiman Daud who was the Chancellor of IMU from 2005 to 2010.

Tan Vei Xhion

Cohort: DT1/15

Tan Vei Xhion graduated with a Bachelor of Dental Surgery (BDS) in 2020. He is a diligent, intelligent, determined and soft-spoken person. He has a strong social and emotional intelligence and constantly exemplifies kindness towards his fellow colleagues. With great leadership abilities he has successfully handled many leadership positions including being the founding president of Asia Pacific Dental Students Association (APDSA) Malaysian division.

Playing the guitar, photography and weightlifting are few of his hobbies, making him one of the most versatile students in his class.

BOARD OF GOVERNORS' GOLD MEDAL

The Board of Governors' Gold Medal are awarded at this Convocation to the student who achieves the highest academic standing in his/her pharmacy degree programme.

Lee Ying Ying

Cohort: : BP1/16

Lee Ying Ying graduated in 2020 with a First-Class Honours from the Bachelor of Pharmacy (Hons) programme. She has always been a dedicated learner and a positive motivator among her peers. The drive and determination throughout the duration of her studies in IMU have enabled her to achieve the Board of Governors' Gold Medal award in the Bachelor of Pharmacy (Hons) programme. On top of her high achievement in academics, Ying Ying also possesses strong leadership, decision-making and time management skills. She had led a team for a community engagement programme under the IMU Cares activity, reaching out to orphans in Rumah Titian Kaseh in her third year of studies. Additionally, she also participated in Malaysian Innovative Healthcare Symposium, Malaysian Community Pharmacy Business Forum and Pharmaceutical Industry Pharmacists Insights, activities which were organised under the MPS Young Pharmacists Chapter.

TUN ZAHIR MERIT AWARD

The Tun Zahir Merit Award is given to a graduating student who has shown outstanding academic excellence in his/ her graduating class. This award is given in memory of the late Tun Dato' Seri Dr Mohamed Zahir who was the Chancellor of IMU from 1999 to 2005.

Yeo Ying Xin

Cohort: MEI2/17

Yeo Ying Xin graduated with First Class Honours from the Bachelor of Science (Hons) Medical Science programme. Throughout the duration of her studies in the IMU, she has constantly portrayed high intellectual capabilities. Equipped with strong emotional intelligence, she completed her thesis with exemplary grade during the first wave of the COVID19 pandemic in Malaysia. Even when facing many challenges in completing her experiments, she demonstrated perseverance and the ability to adapt. To her peers, Ying Xin is known to be a great friend who often goes the extra mile in providing her support. She continues to pursue her degree in Medicine in the University of Edinburgh.

Navishaa A/P Govindasamy

Cohort: I2/19

Navishaa A/P Govindasamy graduated with a First Class Honours from the Bachelor in Medical Sciences (Hons) programme. She is an intelligent and motivated individual who has shown maturity beyond her years. She is also well-organised, reliable, and balances her academic obligations very well with her numerous extra-curricular activities.

As part of her programme's research, Navishaa conducted a research project entitled "Molecular mechanism of melatonin induced Schwann cell proliferation and dedifferentiation in nerve regeneration." She demonstrated admirable values of teamwork, responsibility and intelligence to solve the problems faced and produced good results within a short period of time. She also possesses critical thinking skills that allow her to identify mistakes, troubleshoot problems, and optimise protocols whenever necessary. Apart from that, she has good written and communication skills as seen in her written thesis and presentation.

TUN ZAHIR MERIT AWARD *cont.*

Khoo Wei Qing, Erissa

Cohort: PS2/16

Erissa graduates with a First Class Honours in Bachelor of Science (Hons) Psychology. She is inquisitive, engaging, articulate and ambitious. She learns not only to improve herself but also readily shares her knowledge with her peers through her active participation in class discussions.

A strong-willed and determined person brought her to various volunteerism work. There are two significant contributions that she has made. Firstly, in the Discover Joy and Learning Project where she volunteered to provide academic guidance to underprivileged children. Secondly, the Alzheimer's Disease Foundation Malaysia where she spent time caring for Alzheimer's patients. These are all humanitarian involvements where Erissa's dedication, and devotion is intensified. She has the "heart" of touching lives and shares her time and effort for a better cause. We are truly proud of her achievements.

Cheryl Tan Mei Nee

Cohort: PS1/17

Cheryl graduates with a First Class Honours from the Bachelor of Science (Hons) Psychology programme. Throughout her journey in IMU, Cheryl has shown admirable qualities as a student and as a person. During her three years in the programme, she continued to excel in her academic performance and showed courage and strength in managing challenges in life. She has always done her best to cater to the needs of her studies and family. It is incredible to see the tenacity in her to do her best to excel in all aspects.

She is also well known among lecturers and peers, and active in extra-curriculum. She was involved as a project leader for two significant events, the IMU Scholars' Fundraising Project and Educator's Appreciation Week. She has a great heart to serve the community and has organised two community projects. The first community project was promoting the learning of the English language to refugee children. The second community project was an empowerment project to promote kindness and appreciation for friendship among the children at Ti-Ratana Welfare Home. We are very proud of her achievements, and we are confident that Cheryl will shine in the field of Psychology.

TUN ZAHIR MERIT AWARD *cont.*

Wong Xi Khai

Cohort: PC1/17

Wong Xi Khai graduated with a First Class Honours from the Bachelor of Science (Hons) Pharmaceutical Chemistry programme. Once a shy and quiet student, he has since become a confident individual. Driven to make a name in the field of medicinal chemistry, he is determined, dedicated, and hardworking. A research project in drug synthesis under Prof Dr Mallikarjuna Rao Pichika, got him fascinated with research and this led to his decision to pursue his postgraduate studies in the field of natural product modification as drug discovery.

While striving hard to exceed the expectations of his lecturers, Xi Khai is known by his peers as down to earth and an affable friend who is ever ready to offer a helping hand. Xi Khai has actively assisted in a number of campus events. Apart from being an active volunteer in Tzu Chi Collegiate Youth Association, Xi Khai also played a significant role in the success of TEDxIMU 2018. Ultimately, Xi Khai is also a 2-time winner for BRAND'S® Smart Achievers Award.

Soh Khai Xin

Cohort: PC2/17

Soh Khai Xin graduated with a Bachelor of Science (Hons) in Pharmaceutical Chemistry programme. She is a motivated, self-directed, hardworking and dedicated learner who constantly embarks on improving her knowledge. Throughout the duration of her studies in IMU, she has constantly shown her scholarly capabilities which included critical thinking, problem-solving, time management, and she has always been very effective in sharing her thoughts with fellow classmates. She is a team player and committed towards achieving her goals. In her final year, she conducted a review of literature on antibacterial and antifungal activity of dithiocarbazate Schiff base ligands and their metal complexes. This work contributed towards sharing updated information to the related scientific community. She was also actively involved with co-curricular activities.

Tan Jun Er

Cohort: DN1/16

Tan Jun Er graduated with a First Class Honours from the Bachelor of Science (Hons) in Dietetics with Nutrition programme. Jun Er is a well-mannered, dedicated, and enthusiastic student who has performed consistently well throughout her 4-year studies in the IMU. She demonstrated strong leadership capabilities and possessed a strong sense of responsibility as the class representative. She has shown great care and diligence during her final year practicum and undergraduate thesis in the area of empathy in dietetics with patients in tertiary hospitals. Jun Er was actively involved in co-curricular activities within and outside of the IMU. As a certified advanced first aider engaged with the St John Ambulance Malaysia since 2017, she has been providing services at various community activities.

TUN ZAHIR MERIT AWARD *cont.*

Ong Jia Wen

Cohort: NT1/17

Ong Jia Wen graduated with First Class Honours from the Bachelor of Science (Hons) Nutrition programme. Jia Wen is a dedicated student. She perseveres in her pursuit to achieve high standards of academic excellence and practice as a competent nutritionist. As a batch representative, she demonstrated outstanding leadership qualities, interpersonal skills, and a great role model for her peers. Her passion in research and quest for knowledge discovery culminated in her final year thesis on carbohydrates and glycaemic control. Jia Wen was also an active volunteer in community engagement projects and co-curricular activities throughout her studies in the IMU.

Su Zhi Yi

Cohort: BM1/17

Su Zhi Yi graduated with First Class Honours from the Bachelor of Science (Hons) Biomedical Science programme. She is a diligent, disciplined and responsible student. She has always been self-motivated in achieving academic goals and expectations. She has also demonstrated management skills while associating with various extracurricular activities.

Chan Chin Chun

Cohort: MB1/17

Chan Chin Chun graduated with a First Class Honours from the Bachelor of Science (Hons) in Medical Biotechnology programme. Chin Chun is well-mannered and a high achiever with a thirst for knowledge. He has always been outspoken in communicating his thoughts. He conducted his final year project to profile the gene expression of Wharton's Jelly Mesenchymal Stem cells, which contributed towards the understanding of state-of-art regeneration medicine. Chin Chun was also involved with co-curricular activities throughout his studies in the IMU

Brenda Hiew Kai Lin

Cohort: CH2/16

Brenda is a graduate with First Class Honours from the Bachelor of Science (Hons) Chiropractic degree. She truly believes that perseverance, altruism, and meticulosity are core values in life. Despite many challenges during the pandemic, she kept her learning curve agile and quickly adapted to her new environment. Keeping true to her goals while maintaining a work-life balance, Brenda continued to provide high-quality healthcare services. Her strengths include the ability to recognise her shortcomings and persistently improve on her weaknesses. She believes that lifelong learning is vital towards a successful career.

THE GRADUANDS 2020

PhD in Medical and Health Sciences Graduands

Abhishek Parolia
Thesis Title: Effectiveness of chitosan-flavonoids (propolis extract) nanoformulations against *Enterococcus faecalis* biofilm in the root canal – *Ex vivo* study

Dang Nguk Ling
Thesis Title: Assessing the effects of heavy metals on oxidative stress and metabolomic profiles of microalgae isolated from Signy Island, Antarctica

Mangala Kumari
Thesis Title: Neuroprotective mechanisms of oral supplementation of alpha- or gamma-tocotrienol in a rat model of Parkinson's disease

Masnah Banu binti Kamal
Thesis Title: Synthesis of new eugenol derivatives and evaluation of their antibacterial activity against multidrug resistance *Acinetobacter baumannii*

Sajesh Kalkandi Veettil
Thesis Title: Comparative efficacy, safety and cost-effectiveness of chemopreventive agents for colorectal cancer

Wong Ying Pei
Thesis Title: Production of edible human rotavirus VP6- subunits in *Agrobacterium*-mediated transformed *Centella asiatica* callus

Master of Science in Medical and Health Sciences Graduands

Amala A/P Muniandy
Thesis Title: Hyperbranched poly(glycerol-esteramide) as drug carrier for lovastatin solid dispersion: synthesis, formulation and in vitro studies

Aminah Mazyin binti Mohamed Ariff
Thesis Title: Prospective observational study of clinical decision support system (CDSS) in preventing drug related events (DRE) in critical cardiac patients in a selected hospital in Malaysia

Angeline Shak Tzeyung
Thesis Title: Development and evaluation of rotigotine-loaded chitosan nanoparticles for the treatment of Parkinson's disease by intranasal route

Geetha A/P Maniam
Thesis Title: Preparation, characterisation and anticancer effects of gemcitabine-tocotrienols entrapped niosomes in pancreatic cancer

Jeremy Yap Kean Yi
Thesis Title: A gene trap mutagenesis approach for the identification of NLRP1 inflammasome activation targets mediating amyloid-β-induced neuronal pyroptosis

Looi Chin King
Thesis Title: Mechanistic basis of tumour evasion from cytotoxic T cell (CTL) surveillance in pancreatic cancer

Manprit Kaur A/P Gurcharan Singh
Thesis Title: *Ceiba pentandra* (Kepok) gum-based polyelectrolyte complexes with chitosan and polyvinylpyrrolidone as potential carrier materials for controlled drug delivery

Muhammad Rizdwan bin Mohd Abd Rahman
Thesis Title: Evaluation of the mechanism of action of lactoferricin B peptide in the inhibition of breast cancer

Wan Jun Kit
Thesis Title: Effect of microplastic and nanoplastic on the toxicity of copper in microalgae

Yeo Bann Siang
Thesis Title: Response of microalgae to repeated exposure to glufosinate ammonium and temperature stress

UNIVERSITY AWARDS & PRIZE WINNERS 2021

DR JOHN JOSEPH BOSCO MEMORIAL GOLD MEDAL

The Dr John Joseph Bosco Memorial Gold Medal is awarded to a graduating IMU MBBS student who has achieved the highest academic excellence throughout his/her degree. One medal may be awarded in each graduation cohort. This award is given in memory of the late Dr John Joseph Bosco who played an instrumental role in the development of the IMU Clinical Campus.

Amanda Soo Xiao Tong

Cohort: ME1/16

Amanda Soo has been awarded the Dr John Joseph Bosco Memorial Gold Medal in the graduating Class of June 2021 for the degree of Bachelor of Medicine and Bachelor of Surgery (MBBS). Amanda is always keen to learn and engage in patient care. During her studies in the clinical campus, she has shown persistence, resilience, and perseverance to continually cultivate her knowledge and skills. She has a keen sense of responsibility and shows great ability in problem solving. Apart from having great communication and interpersonal skills, she is also an excellent team player and has always shown respect, compassion, and empathy towards her patients.

Tan Yin Qin

Cohort: ME2/16

Tan Yin Qin graduates with a Bachelor of Medicine and Bachelor of Surgery (MBBS). She is known as a passionate, responsible, caring, determined, disciplined yet humble person. Throughout her journey in IMU, she demonstrated a constant desire to improve, commitment to learn and most importantly, genuine aspiration to serve the community. Apart from her deep interest in the field of medicine, she has actively involved herself in numerous extra-curricular activities namely the IMU Student Ambassadors, IMU Cup Competition and various IMU Cares Projects.

DR SAIDI HASHIM MEMORIAL GOLD MEDAL

The Dr Saidi Hashim Memorial Gold Medal may be presented twice a year to the top student of the convocating class who will be continuing their studies either to the IMU Clinical Campus or Partner Schools overseas. The gold medal award is given in honour of the late Dr Saidi Hashim Tahir, one of the founders of IMU.

Teresa Tan Yen Mei

Cohort: ME2/18

Teresa Tan completed her first part of Bachelor of Medicine and Bachelor of Surgery and will continue her clinical years in one of the Partner Medical Schools. Teresa is a dedicated, organised, self-disciplined and mature individual as she believes in consistent learning. She is a constant high achiever, with excellent critical thinking and analytical skills. She is grateful for having very supportive and caring lecturers, family members and friends throughout her difficult times and as when faced with obstacles. Teresa is well-known for her humbleness and willingness to help.

She is actively involved in many extra-curricular activities and has contributed to the community as a tutor for refugees. She exhibits excellent leadership and interpersonal skills in which she has in her roles as administrative manager of Asian Medical Students' Association (AMSA): Malaysian World Health Assembly Simulation 2019 and member of the sponsorship committee for TEDxIMU 2019.

Lucas Ho Chee Jin

Cohort: ME1/19

Lucas Ho who graduates with a Bachelor of Medicine and Bachelor of Surgery (MBBS) degree has always been an inquisitive learner with keen attention to detail. Throughout his studies, he possessed a disciplined and organised work ethic in his pursuit of consistent excellence. He understood the importance of compassionate healthcare and displayed great communication and empathy towards patients. Always friendly and jovial, Lucas is well-liked by his peers and lecturers alike. Beyond academics, Lucas showed great commitment to serving the wider community during his tenure as the President of Chariofare 2019.

DR TAN SEE LENG AWARD OF LEADERSHIP

This award is given to a graduating IMU MBBS student who showed outstanding engagement and performance academically and in the professional and personal development through active participation, engagement, advisory and leadership. The award is named after Dr Tan See Leng, a renowned Family Physician and leader in the healthcare industry.

FIRST PLACE

Aaron Prasad

Cohort: ME2/16

Aaron Prasad, a graduate of the degree of Bachelor of Medicine and Bachelor of Surgery (MBBS) is the winner of the Dr Tan See Leng Award of Leadership. In his undergraduate years, Aaron has shown great leadership charisma by performing effectively as the Presidents of IMU Surgical Society, Malaysian Students Surgical Society and the IMU Athena Society which championed women's health issues. Aaron was also instrumental in promoting peer-led teaching via an initiative known as The Consultoid, where students came together to help one another to achieve their educational goals in a structured student-led programme. His strong interpersonal skills and his diligence and persistence is seen as the key to his success as an effective and capable leader. With a strong enthusiasm towards learning, Aaron is expected to continue to develop his leadership capabilities and take on bigger leadership roles in future.

RUNNER UP

Daniel Wong Bang Lung

Cohort: ME2/16

Daniel Wong Bang Lung, a graduate of the degree of Bachelor of Medicine and Bachelor of Surgery (MBBS) has been awarded the Dr Tan See Leng Award of Leadership (Runner-up). Daniel is a natural leader and an outstanding student who is highly motivated and capable, as evidenced by his many academic achievements and leadership roles in various committees and projects during his undergraduate study. Daniel has also ventured into website development, finance and entrepreneurship, and nutritional science to better prepare himself for the challenges of the future. Despite his many accolades, Daniel has remained humble and a great support to his peers. Daniel hopes to continue to demonstrate the same diligence, perseverance and optimism in his future ventures.

TAN SRI DATUK AMAR DR SULAIMAN DAUD MERIT AWARD

This award is presented to the top student of the dentistry convocating class. It is given in honour of the late Tan Sri Datuk Amar Dr Sulaiman Daud who was the Chancellor of IMU from 2005 to 2010.

Janice Nga Diong Li

Cohort: DT1/16

Janice Nga graduates with a Bachelor of Dental Surgery (BDS). As a person, she is diligent and hardworking. Her penchant for perfection leaves no stone unturned which translates into better care for her patients. She is also blessed with excellent interpersonal skills which makes her an ideal colleague to work with. She leads by example and brought honour to our country by winning the prestigious international competition, 3'O' International Dental E-Quiz Competition 2020. We sincerely hope the knowledge and experience gained in IMU will put her in good stead and wish her all the best for her future.

BOARD OF GOVERNORS' GOLD MEDAL

The Board of Governors' Gold Medal are awarded at this Convocation to the student who achieves the highest academic standing in his/her pharmacy degree programme.

Jenifer Ngu Shao Ying

Cohort: BP1/17

Jenifer Ngu Shao Ying graduates with a First-Class Honours from the Bachelor of Pharmacy (Hons) programme. Jenifer is punctual, responsible, accountable, and innovative. She has accomplished many achievements during her BPharm, one of them being the MPS-Duopharma Biotech gold medal award 2020. Before joining the BPharm programme, she completed her undergraduate programme in Medicine from Fudan University, Shanghai, China, in 2015. Her motivation to do the BPharm programme stems from her passion for serving society and interest in how drugs work (Pharmacology). She always works smart to do her best in each subject and Teaching & Learning activity. She prefers to maintain a work-life balance. She plans on setting up her own pharmacy in Sarawak.

TUN ZAHIR MERIT AWARD

The Tun Zahir Merit Award is given to a graduating student who has shown outstanding academic excellence in his/ her graduating class. This award is given in memory of the late Tun Dato' Seri Dr Mohamed Zahir who was the Chancellor of IMU from 1999 to 2005.

Wynne Sim

Cohort: MEI2/18

Wynne Sim graduates with a First-Class Honours from the shortened Bachelor in Medical Sciences (Hons) programme. Throughout her medical studies, Wynne has demonstrated diligence and a deep commitment to her goals. Wynne's passion for medicine is fuelled by her keen interest in the sciences and clinical research, she wrote a paper on new therapies for pancreatic cancer with her mentors. She presented her research work at various international conferences, winning a Gold Medal for Best Poster Award and Top Voted E-Poster at the Singapore Health and Biomedical Conference. Beyond academics, Wynne excels in her extracurriculars, taking on the role of Treasurer in the Asian Medical Students Association, assisting in the organising of successful fundraising events and academic workshops. Wynne is also passionate about helping those in need and has been awarded the National Youth Achievement Award (Silver) for her work in the community.

Liew Elaine

Cohort: PS2/17

Liew Elaine has been a constant high achiever throughout her studies at IMU. Graduating with a Bachelor of Science (Hons) in Psychology, Elaine has shown perseverance, compassion, and dedication; all these have helped her to get a first-class honours degree in her studies.

She enrolled in various co-curricular activities in order to become a more holistic graduate. She was involved in community service and was acknowledged for her outstanding leadership in the development of the community service proposal and execution of the activities. Elaine and her team used the Two Factors Theory of Emotions to create well-structured activities and assessments for the Ti-Ratana Orphanage. To date, the team's concept has been used as an exemplary community service project. She has also managed to maintain a good work-life balance and developed important soft skills by working as the Psychology Club's social media manager.

Her essential academic success and abilities gained over her years as a psychology student at IMU will qualify her to be a well-known psychologist in the Malaysian psychology fraternity.

TUN ZAHIR MERIT AWARD *cont.*

Kiranjeet Kaur A/P Harvinder Singh

Cohort: PS2/17

Kiranjeet Kaur graduated with a First-Class Honours from the Bachelor of Science (Hons) in Psychology programme. Throughout her journey in IMU, Kiran not only performed exceptionally in her studies, but also excelled in her commitment to various extracurricular activities: she was the President of the IMU Psychology Club, Captain of the IMU Draco Cheer Team, and the sole Malaysian representative in the Global Youth Summit 2019 in Switzerland. In the classroom setting, Kiran stands out as being articulate, inquisitive, yet open to feedback for improvement. Despite juggling multiple priorities, she was always empathetic and helpful towards her peers. Her stellar qualities of being self-driven, passionate, persevering while staying humble make her an exemplary student and will surely bring her to greater heights in her future career.

Amira Jalilah binti Roslan

Cohort: PS1/18

Amirah Jalilah graduated with a First-Class Honours from the Bachelor of Science (Hons) in Psychology programme. Her humble, easy going nature, combined with her dedicated quest for knowledge and understanding makes her an ideal student. In addition, her strong service orientation led her to take on multiple roles in the service of others, notably in her dedicated and responsible roles as a batch representative, as an IMU Student Ambassador, and an active member of the IMU Psychology Club. Never one to shy away from difficult or challenging issues, she shines as a role model who brings a calm sense of maturity and empathy to whomever she meets, and her journey continues in her quest to be a practicing clinical psychologist.

Chong Hui Ying

Cohort: PS2/18

Hui Ying graduates with a First-Class Honours from the Bachelor of Science (Hons) in Psychology Programme. She has shown admirable qualities as a student, person, and future mental health professional. During her three years in the programme, she consistently excelled every semester in her academic performance. She has a great attitude towards learning. We have no doubt; she will continue to do her best to excel in all aspects. She is also well known among lecturers as a brilliant, mature and critical thinker. One of the most beautiful characters we have observed in Hui Ying is her unconditional loving care for people around her. She has a great heart to reach out to people, and she is very supportive towards her friends and loved ones. She is determined to grow to become a better version of herself. We admire her resilience in facing and managing all the challenges in life. We are very proud of her achievements, and we are confident that Hui Ying will shine in the mental health field.

TUN ZAHIR MERIT AWARD *cont.*

Sherlyn Chan Huei Shan

Cohort: PC1/18

Sherlyn Chan graduated with a First-Class Honours from the Bachelor of Science (Hons) Pharmaceutical Chemistry Programme. Sherlyn is a quiet, well-organised and task-oriented student. Sherlyn believes that self-learning under the guidance of the faculty is the best way for understanding the concepts. She is good in managing her time to complete the multiple tasks in a given period of time. She also exhibited excellent soft skills during co-curricular activities (TedxIMU, Pharmaceutical Chemistry Week, IMU Open Day, Scholars Fund Raising, etc.). Sherlyn did her internship in Sky Nutraceutical Sdn. Bhd., Penang; and was recruited as a R&D chemist immediately after her internship. Her career goal is to become an expert in the development of skin care products. During her spare time, she enjoys arts, crafts, manicuring, and baking.

Ong Yee Swen

Cohort: PC2/18

Ong Yee Swen graduates with a First-Class Honours from the Bachelor of Science (Hons) Pharmaceutical Chemistry programme. Yee Swen is a hardworking, determined, and proactive student. She makes sure that she is prepared before every class by going through the materials beforehand, takes the initiative to reach out to faculty when she needs clarification on the lessons, and hold discussion with peers to understand different perspectives. Apart from excelling in her studies, she is also active in extracurricular activities. Throughout her studies, she has volunteered to be a committee member in numerous community service and chemistry awareness activities including Chariofare and Pharmaceutical Chemistry Week events, and also took part in the Noble prize in Chemistry Prediction competition.

Chong Jackie

Cohort: DN1/17

Chong Jackie graduates with a First-Class Honours from the Bachelor of Science (Hons) Dietetics with Nutrition programme. Throughout her 4-year in IMU, Jackie has demonstrated great enthusiasm and resilience in pursuing her academic studies and participating in co-curricular activities. As a person with good self-discipline, she was diligent to take on responsibilities and strive for the best, specifically during her final year practicum when she was providing medical nutrition therapy to her patients and clients. She is a good team player and contributes to the team collaboratively. Jackie is actively involved in IMU Editorial Board and IMU Chinese Cultural Society where she enjoyed the most while developing her personal and social skills to improve her adaptability as a work-ready graduate during the era of pandemic.

TUN ZAHIR MERIT AWARD *cont.*

Sylvia Ho Jie Ying

Cohort: NT1/18

Sylvia Ho Jie Ying is a First-Class Honours graduate in Bachelor of Science in Nutrition (Hons). While pursuing the undergraduate programme at the IMU, Sylvia proactively sought opportunities that came along her way to hone her technical, communication and leadership skills – skills that will help her to become a successful nutritionist. As she continued to excel academically, Sylvia also volunteered for the Nutrition Society of Malaysia's Road Show and IMU Cares First 1000 Days project to develop her competency and widen her professional network while contributing to the causes that she cares about. Sylvia is also resilient and is ever ready to face challenges, immediately switching gears to think through the opportunities the new challenge presents. Known for her meticulousness and diligence, Sylvia is an exemplary role model to her peers and juniors.

Toh Hiu Ching

Cohort: BM1/18

Hiu Ching, an IMU scholar, graduates with a first-class degree in the Bachelor of Science (Hons) in Biomedical Science programme. Her bright and cheerful personality melds with keen leadership skills, having spearheaded projects such as the IMU Interprofessional Forum 2019 and shouldering the responsibility as class representative. She also demonstrated her creative side as Head of Design for the IMU World Health Fest 2019. A modest yet confident young biomedical scientist, she is keen to explore cancer genetics research and aspires to reach her goals through tenacity and dedication.

Kirthikah A/P Kadiresen

Cohort: MB1/18

Kirthikah Kadiresen has consistently been in the top tier of outstanding students with a first-class honour in the medical biotechnology degree programme with an impressive CGPA of 3.96. Kirthikah demonstrates enthusiasm for learning and is dedicated to achieving good grades in every module that she has undertaken during her undergraduate program. This is evident through her high level of academic achievement across all the semesters in her bachelor's degree program. In her final year project, Kirthikah investigated the role of madecassoside in regulating NF-κB signalling pathway in beta-amyloid induced BV2 microglial cells and was excellent in her research.

TUN ZAHIR MERIT AWARD *cont.*

Ng Shuen Yin

Cohort: CH2/17

Ng Shuen Yin graduates with a Bachelor of Science (Hons) in Chiropractic. She has a bubbly outgoing personality and a very curious nature which has benefited her in her studies as she asks many questions and is always looking for feedback to improve herself professionally and academically. She was part of the annual World Spine Day, an international annual event held by the World Federation of Chiropractic, which won the first prize in 2020. She enjoys biographies and has a special interest in new technology development. She also is an avid badminton player and can often be found on court when she is not studying.

Desmond Tee Wei Kang

Cohort: CM2/16

Desmond Tee Wei Kang graduated with a First-Class Honours from the Bachelor of Sciences (Hons) in Chinese Medicine programme. He is a motivated and responsible person who manages his time wisely for studies as well as personal matters. To his peers, he is a person who likes to share and exchange knowledge to enhance their learning experience and support each other. He is a dedicated and goal-oriented person who strives to achieve excellence. He is always inspired by the high achievers he encountered along his journey in IMU, to become the best healthcare professional he could be. He is passionate especially in his clinical practice and has been receiving excellent feedback from his patients. An eager learner who is willing to spend his free time shadowing experts in Chinese medicine to gain more clinical experience and practice his skills, he is passionate to integrate Chinese Medicine with Western Medicine as it will help in creating a mutual understanding between the two healthcare systems.

Gan Yee Hung

Cohort: CM1/17

Gan Yee Hung started his journey in Chinese Medicine studies at the IMU since 2017. He has a keen interest in life-long learning and has a strong inner motivation to succeed. He knows how to allocate time and energy, is open to new learning experiences and constantly wants for more knowledge. During his study life, he was president of the Chinese Cultural Society and Editorial Board and served as the vice president of CCAM in the Student Representative Council. He actively contributed to various extra-curricular activities e.g., Chinese Cultural Week, Mid-Autumn Night, Interprofessional Forum and built a very good relationship with his lecturers and colleagues. In his free time, he teaches at the Persatuan Penganut Agama Buddha Amitabha.

THE GRADUANDS 2021

PhD in Medical and Health Sciences Graduands

Chang Chung Yuan
Thesis Title: Peak bone mass attainment in Malaysian children: Influence of diet, lifestyle patterns, vitamin D status and maternal interactions

Chin Yin Yien
Thesis Title: Ecotoxicological effects of atrazine and endosulfan on the growth and biomarker expression of three green algal species (Chlorophyta) under various nutrient conditions

Gerard Thomas Flaherty
Thesis Title: International travel with pre-existing medical illness

Hii Ling Wei
Thesis Title: Sphingosine kinase 1 is a key regulator for the survival of human breast cancer stem cells via suppression of STAT1 and interferon signalling

Kanimolli A/P Arasu
Thesis Title: The effects of soluble corn fibre and calcium supplementation on bone health indices in children aged 9-11 years old – a double-blind randomised controlled trial

Kasthuri Bai A/P Magalingam
Thesis Title: Neuroprotective role of palm vitamin E against 6-hydroxydopamine (6-OHDA)- induced cytotoxic damage in differentiated SH-SY5Y neuroblastoma cells

Lai Pei Kuan
Thesis Title: Impact and utilisation of biomedical research findings in the healthcare policies of Malaysia: 2005-2015

Ramona Khanum
Thesis Title: Modulating methicillin-resistant *Staphylococcus epidermidis* biofilm formation using exogenous lactoferrin and low dose carbon monoxide

Wong Li Zhe
Thesis Title: Identification and characterization of vitamin D and its analogues as spliceosome inhibitors

Master of Science in Medical and Health Sciences Graduands

Chan Hong Hao
Thesis Title: Roles of receptor interacting protein kinase 1 in beta amyloid-induced neurotoxicity in SH-SY5Y cells

Gan Li Lian
Thesis Title: Identification of tumour cell-intrinsic immune modulators in Pancreatic Ductal Adenocarcinoma (PDAC)

Juay Harn Li
Thesis Title: Skin allergenicity of airborne and soil algae isolated from Malaysia

Liew Hui Shan
Thesis Title: Novel gemcitabine-Re(I) tricarbonyl complexes combinations, conjugate and formulations with liquid crystalline nanoparticles for pancreatic cancer photodynamic therapy

Tan Joe Jen
Thesis Title: Synthesis of new benzylidenehydrazinylphenylthiazoles and evaluation of their anti-inflammatory activity in vitro and metabolic stability

Tan Oon Hock
Thesis Title: Development and validation of LC-MS/MS method for simultaneous quantification of vitamin E isoforms in human plasma

Teo Xu Jen
Thesis Title: A study on the phase behaviour of lyophilised protein-disaccharide mixtures at various temperatures

Wong Soon Yee
Thesis Title: Validation and reproducibility of a calcium and Vitamin D Food Frequency Questionnaire (FFQ) in Malaysian pre-adolescent children

Yee Zong Yang
Thesis Title: Role of p53 gain-of-function mutations on epithelial-mesenchymal plasticity (EMP) in immortalised human mammary epithelial cell lines MCF-10A and MCF-12A

IMU ALUMNI

Congratulations for making it this far in your education and welcome to the IMU Alumni Community! Your relationship with International Medical University (IMU) does not end just because you have graduated. As an IMU graduate, you've automatically become a valued member of the IMU Alumni Community.

Being a part of the IMU Alumni Community, you will be given access to the Alumni Portal, where you can connect with your classmates, get in touch with lecturers and mentors, participate in business and social networks and attend (or organise) a range of events including reunions, physical or online. You can also enjoy special privileges and benefits such as special alumni discounts on continuing professional development programmes at the IMU Centre for Lifelong Learning (ICL), as well as receive updates and first-hand information on IMU News and events through Alumni Portal. The IMU experience is not just about your years on campus but beyond. Many alumni find that they carry the IMU learning skills well into their professional and personal lives. Hence, they tend to contribute back by sharing those experiences with the current IMU Students.

How can I contribute as an Alumni?

KEEP IN TOUCH – We appreciate your ongoing interest in IMU Connect with our various social media channels, Alumni Portal, as well as the IMU Alumni Website, to help you STAY IN TOUCH with what's going on. Keep us up to date with your profile information, working experiences and Award Achievements via Alumni Portal. If you have yet to receive your activation email from the ARO unit, please scan this QR Code and we will be in touch with you.

Alumni Sharing

Share with students your experience on campus life at Partner Schools, working experience, guidance on speciality and research work, these are just some of the topics that you can explore for sharing sessions. You can even consider providing internships or employment opportunities in the future or be our Mentor by joining our Alumni Buddy programme where both students and alumni will benefit from this exercise. Contact us at *alumni@imu.edu.my* or scan the QR code below to know more.

Feature Alumni

We want employers, institutions, and individuals to know where you studied and where you are now. Whether you are doing volunteerism, involved in humanitarian work or if you are an entrepreneur, we want to know all so we can better support your journey. Send to us a short story of your adventures anytime and anywhere.

After all, WE ARE PROUD OF YOU! Scan here to share your stories.

Stay tuned with us via social media:

IMU Alumni

IMU Alumni Group

@ imualumni

IMU Alumni Relations Office

Alumni Relations Office (ARO) was established in 2016 with the aim of developing an international network of IMU graduates and to engage our alumni through the exchange of knowledge, academic ideas, and professional development. The Alumni Relations office is the point of contact for all graduates of IMU.

We will ensure that your time is used wisely and that your experience is rewarding. We offer a range of special alumni events, services, and publications to allow graduates to stay connected to the University and benefit from networking with one another.

Alumni Association Committee & Alumni Chapters

IMU Alumni Association Committee (AAC) was established in 2002. The new committee members were elected in early 2021 and will serve for two years. The AAC has set up Chapters to work with the IMU's Schools and Centre to coordinate events and activities. These collaborative efforts allow the alumni to socialise and boost their personal growth.

Alumni Association Committee

Position	Name	Cohort	Where they are currently working
President	Aw Tsung Wai	ME210	Teladoc Health
Vice President	Sandev Singh	ME102	Thomson Hospital Kota Damansara
Secretary	Rina Sharina Roslan	NS217	Embassy of the United States of America
Vice Secretary	Richard Ngu Ping Hoe	ME114	Hospital Sungai Buloh
Treasurer	Wong Yi Kai	CH110	IMU

Treasurer	Low Jun Sheng	PC116	IMU

Alumni Entrepreneurship Chapter

Position	Name	Cohort	Where they are currently working
President	Jonathan Tiong	CH114	Gonstead Chiropractic
Vice President	Wendy Wong Hui Yi	ND111	Salad Atelier
Secretary	Ivan Sin	CH111	Spinealive
Treasurer	Tee Ai Ven	BP112	Sanofi Aventis

AUTOGRAPH

CONVOCATION THEME

This year's convocation marks a very significant ceremony after multiple movement control orders and restrictions to mitigate the Covid-19 pandemic since 2020. Inspired by the resilience, adaptability, teamwork, and the positive spirit of IMU's students, alumni, faculty and staff members, governing authorities, partners, sponsors and well-wishers, the key visual depicts the formation of a bird soaring above challenges and rising to greater heights. The diamonds and the many colours represent the IMU and its Schools and Centre. It also represents the mortar board being thrown into the sky as we celebrate the success of our graduands.
