Why is Early Childhood Education So Important?

The emotional, social and physical development of young children has a direct effect on their overall development. In order to raise happy and innovative children, the need to invest in young children is extremely important.

Neurological research shows that the early years play a key role in children's brain development. Newborns begin to learn about the world around them from a very early age – already during the prenatal period, and more intensely in the early years.

Optimizing the early years of children's lives is the best investment we can make.

Finland International Education (FINE) Ltd. is a Finnish company exporting Finnish Early Childhood Education abroad, providing the best early education experience in the market.

**Where professional
childcare meets high class
curriculum**

Finland International Education (FINE) brings you a daycare & kindergarten concept which combines professional daycare and high-class education.

This concept makes every day a fun, inspiring and educational experience for every child – and responds to the educational requirements of the local society. Our childcare standards are extremely high, so parents can rest assured that their children are in good hands and enjoying inspirational content during every daycare & kindergarten day.

FINE provides a comprehensive licensing package that gives operational, academic and educational guidelines to run a daycare/kindergarten based on world renowned Finnish ECEC Standards.

With this license, you will receive updated materials, training and support.

We also offer a variety of additional services to complement the daycare and kindergarten concept and stretch the benefits of our high-quality pedagogy to parents and entire families.

FINE Daycare & Kindergarten Package

- 1 Academic Plan**
Guidelines for professional childcare, based on the world renowned Finnish National Curriculum for Early Childhood Education and Care.
- 2 Pedagogical Content**
Multidisciplinary content and material guidelines for the teaching staff.
- 3 Teacher Training**
An extensive modular training program to FINE early childhood education and care content.
- 4 Operative Training**
A training program for the administrative staff. Giving deep insight and knowhow about running a FINE daycare/kindergarten.
- 5 Brand Guides**
Guides for both FINE brand book, and FINE interior design guide for the learning environment.

FINE Cornerstones

- Academic plan based on Finnish pedagogy and adapted to the local culture
- Teaching methods from Finland; learning through play
- Comprehensive, multidisciplinary, phenomenon-based learning
- Life skills such as collaboration, creativity, problem solving, cooperation, negotiation skills are emphasized

*We teach the child to think,
learn and solve problems
while having fun*

* Depends on the licensing model
